## 2024 4th International Workshop on Image Processing

Website: <http://www.iwip.org/> Aug. 9-11, 2024

Held in: Haikou China

2024 4th International Workshop on Image Processing (IWIP 2024). It will be held at **Haikou, China** during **Aug. 9-11 2024**, as workshop of "ICCIA 2024", which will be sponsored by **Hainan University**, hosted by **School of Computer Science and Technology, Hainan University, China**. There is an immense opportunity to learn and express the views through interactive sessions and technical paper presentation. Eminent Professionals, Scholar and Post Graduate young researcher will share their views and enhance knowledge on broad spectrums of Image Processing.

### TOPICS

Topics of interest for submission include, but are not limited to:

- Image & Video Analysis and Segmentation
- Image & Video Coding and Transmission
- Image & Video Perception and Quality Models
- Image & Video Processing
- Image and Video Compression
- Image Processing
- 3D Modeling and Visualization
- Biomedical and Biological Image Processing
- Biometrics
- Computational Imaging
- Data Mining Techniques
- Digital Signal Processing
- Face Recognition
- Multidimensional Signal Processing
- Performance Evaluation
- Object Recognition
- Pattern recognition and analysis
- Radar Image Processing
- Video Analysis and Event Recognition
- Sensors, Imaging model and Simulation
- Web Graphics
